

# Inventory Workshop

February 25th, 2009, 9am—3:30 PM

Natural Resource Centre (OMNR)

25th Side Road, Thunder Bay, ON

The Canadian Institute of Forestry - Northwestern Ontario Section is proud to present this unique extension opportunity for forestry professionals. This FREE workshop will explore topics on Ontario's new inventory including:

- Image / softcopy technology
- Inventory attributes
- ecosystem classification
- site productivity
- growth and yield
- forest planning with the new inventory

Guest speakers include:

Doug Reid, OMNR, CNFER

Murray Woods, OMNR, Southern Science

Dan Corbett, OMNR, Northwest Science

Brian Campbell, Buchanan Forest Products

Erin Banton, OMNR, Northwest Science

John Parton, Growth & Yield Coordinator

Adam Boczek, Timberline Natural Resource Group

Lunch will be provided. This is a FREE workshop, but space is limited, so you must register by email at: [andrea.robinson@timberline.ca](mailto:andrea.robinson@timberline.ca)
