

About Kruger Publication Papers

Kruger Inc.'s Publication Papers business unit comprises four paper mills specializing in the production of newsprint and coated paper. Located in Québec and Newfoundland and Labrador, our mills supply printers and major newspaper and magazine publishers in Canada, the US and around the world. Renowned for the excellent quality of their products, our paper mills frequently receive the title of "supplier of the year" from major press groups such as Dow Jones and Gannett. Competing in an industry that is constantly changing, our mills have always maintained the same level of quality and service that have made Kruger one of the leaders in the global paper industry.

Kruger Inc. is active in such diverse industries as renewable energy, tissue products, pulp and paper, forest products, paperboard and packaging, wines and spirits, and recycling.

Corner Brook Pulp and Paper Limited is a quality leader in the manufacture of newsprint, with an international customer base. Building on this reputation, our goal is to be one of the lowest cost manufacturers of quality newsprint in North America.

OVERVIEW
