

Canadian Institute of Forestry Presents The Prince of Wales Award for Sustainable Forestry to Glen Prevost of North Bay, Ontario

FOR IMMEDIATE RELEASE
(Version française disponible)

Mattawa, ON - Wednesday, September 16, 2020 – The Canadian Institute of Forestry/Institut forestier du Canada (CIF-IFC) is pleased to announce Glen Prevost of North Bay, Ontario and the CIF-IFC Algonquin Section as the 2020 recipient of The Prince of Wales Award for Sustainable Forestry. The award was presented at the 2020 CIF-IFC Annual National Awards Ceremony held virtually on September 15, 2020.

“This annual award, developed by the CIF-IFC and the Duchy of Cornwall, and endorsed by His Royal Highness The Prince of Wales, annually recognizes the achievements of an outstanding young forestry professional in Canada,” mentioned Mark Pearson, Executive Director, CIF-IFC, “this award encourages engagement in and dedication to the principles of sustainable forest management policy, planning and practice, sound science-based land stewardship, and public outreach/knowledge exchange focusing on the wise use and conservation of forests and the ecosystems that they encompass.”

Glen Prevost captures the intent of The Prince of Wales Award for Sustainable Forestry in every aspect. He has effectively and successfully demonstrated dedication to the principles of sustainable forest management through his education, career, and public outreach. During his time as an Industry Advisor with FPIInnovations, he applied his broad and comprehensive experience as a Professional Engineer (P.Eng.) and Registered Professional Forester (R.P.F) in training to both lead and assist in delivering an array of projects focusing on forestry and wood products. Not only is Prevost innovative with a unique skill-set through work and academics, he is also a dedicated and engaged CIF-IFC member with a desire to give back to forestry, to the practice of forestry, and to his forest community.

Formed in 1908, the CIF-IFC is the national voice of forest practitioners and many others with an interest in forestry and forests. The Institute’s 19 sections strive to provide national leadership in forestry, promote competency among forestry professionals, and foster public awareness of Canadian and international forestry issues.
