EVENT	Regional Land Use Planning in a Global Economy, 102 nd CIF-IFC Conference and Annual General Meeting.
WHEN	September 26 – 29, 2010
WHERE	The Fairmont Jasper Park Lodge, Jasper, Alberta

About the CIF/IFC:

The Canadian Institute of Forestry/l'Institut forestier du Canada (CIF-IFC) is the national voice of forest practitioners. Formed in 1908, the Institute represents foresters, forest technologists and technicians, ecologists, biologists, geographers, educators, scientists and many others with a professional interest in forestry. The Institute's mission is to provide national leadership in forestry, promote competence among forestry professionals, and foster public awareness of Canadian and international forestry issues.

About the conference:

In recognition of the importance of land use planning in our increasingly complex world, the theme for the 102nd annual general meeting and conference is Regional Land Use Planning in a Global Economy. Land use planning is an issue that has commanded world attention with jurisdictions addressing their respective planning processes to meet social, economic and environmental objectives.

About the program:

The conference program features a strong line-up of international, national, provincial and local speakers addressing general and specific examples of economic, social and environmental drivers of land use change. Readers are invited to view the Speaker Program under the Program tab to get an insight into the conference agenda. Updates will be posted as the program is finalized.
