

CIF/ASFP Joint NEWSEM

NATIONAL FOREST WEEK – SEPTEMBER 19-25, 2021

National Forest Week (NFW) is coming up in a couple of weeks: Sept 19 to 25, 2021. The CIF and the ASFP have been planning and organizing NFW events around the province to help everyone celebrate. I have attached the event posters with event information, but here are the highlights:

Tuesday September 21 – Meadow Lake Golf Club – Vic Begrand Scholarship Fund Raising Golf Tournament **3-5 pm (registration required - \$35 for golf only)** Scholarship Fund Raising Dinner and Silent Auction with keynote speaker **5:30-8 pm (registration required - \$35 for dinner only, or \$65 for both dinner and golf)**

 [Click here for event details](#)

Wednesday September 22 – Field Tour of Meadow Lake Provincial Park Vegetation Management project and the Meadow Lake Tribal Council's BioEnergy Centre **8 am (registration required, bag lunch provided at no cost)**

 [Click here for event details](#)

Thursday September 23 – Log a Load BBQ Fundraiser for the Jim Pattison Children's Hospital – Both in Meadow Lake and Prince Albert (U of S Building) **11:30 am-1 pm (in PA burgers only \$5 and drinks only \$1)**

 [Click here for event details](#)

Friday September 24 – Forestry Walk and Talk with Tea and Cookies after the walk at Little Red River Park in Prince Albert **1:30 pm (registration required, no cost for tea and cookies – sponsored by the ASFP!!)**

 [Click here for event details](#)

Please register for these events by emailing the CIF at cif.sask@gmail.com indicating each event you are planning to attend. Any fees will be collected at the event. **The deadline to register is Friday, September 17 at 4 pm.**

CIF/ASFP Joint NEWSEM

We are also looking for volunteers to help with any of the events, especially the Log A Load BBQ in Prince Albert on Thursday. We will need people for a number of jobs that day: set up before the BBQ, collecting money during the BBQ, people to help serve the burgers and drinks, a couple of people to flip burgers, some folks to help clean up after the BBQ. Contact Vicki Gauthier (vicki.gauthier@gov.sk.ca) if you can help out with any of these events!

Thank you,

Your NFW Planning Committee!

- Amber Dereshkevich
- April Lesko
- Lindsay Dandridge
- Kim Clark
- Bill Thibeault
- Sindy Nicholson

AGM 2018 ANNUAL GENERAL MEETING

On April 14th, 2021, the 2021 ASFP Annual General Meeting was held via video conferencing.

During the Nomination and Elections of Officers, **Kendell Senger** and **April Lesko** joined as **Councilors**.

Plus returning for the second year of their term are Brogan Cyr, John Daisley, Ed Kwiatkowski, Kerry McIntyre, Spiros Papastergiou, and David Stevenson.

Continuing service as member of the Executive are Darryl Sande, Bill Thibeault, Lane Gelhorn, Peter Sigurdson, Michelle Young and Kim Clark.

Welcome to the new Council members!

Meeting Minutes and Reports can be found on the association's website:

<http://www.asfp.ca/resources/past-meetings-and-minutes>

The recording of the AGM can be also watched by clicking the following link: [Recorded Presentation](#) *

* Loading time can take a while as this is a large file. Fast forward to the 6:00 minute mark of the video to meeting to skip to the meeting start.

LEARNING SESSIONS

On Wednesday, June 16th, 2021, ASFP and CIF hosted a Joint Learning Event. Three esteemed guests spoke on the Future for Forestry in the Face of Climate Change. Videos and Presentation materials can be found on the association's website.

ASSOCIATION UPDATES

TERMS OF REFERENCE

Council has reviewed and updated the Terms of Reference (ToR) for our committees. The updated ToRs are uploaded to ASFP web page - <https://www.asfp.ca/>

REGISTRAR'S ROLE

To strengthen communication to our membership, the Registrar will assume a more active role and will be the main contact with members on behalf of each committee. This also strengthens our brand recognition as the Registrar is communicating through an Association email account.

EXECUTIVE COMMITTEE

Starting in September, the Executive will meet monthly to increase our focus on the business of the Association, and we encourage input from any Committee Chair or Committee member on priority action items. We will also be rolling out the results of our strategic planning session and incorporating key result areas into future focus areas.

Please feel free to reach out to an Executive Member if you have any concerns or have identified an opportunity for improvement.

Yours truly,

Darryl Sande RPF

President, Association of Saskatchewan Forestry Professionals

MEMBERSHIP UPDATE

The following individuals are no longer registered with the Association of Saskatchewan Forestry Professionals as forestry professionals, nor can they use the titles RPF, RPFT, FIT or FTIT in the Province of Saskatchewan:

Donna Lundquist

Owen Price

Matthew Burtney

Brent Bitter

Howard DeLong

Ryan Sandry

CIF/ASFP Joint NEWSEM

NATIONAL TRUTH AND RECONCILIATION DAY

The National Day for Truth and Reconciliation is designated as an opportunity to ‘recognize and commemorate the legacy of residential schools.’ It was originally proposed in 2015 by the Truth and Reconciliation Commission of Canada, which under Action 80 called upon the federal government, in collaboration with Aboriginal peoples, to establish a statutory holiday “to honour Survivors, their families, and communities, and ensure that public commemoration of the history and legacy of residential schools remains a vital component of the reconciliation process.”

National Center for Truth and Reconciliation web page: <https://nctr.ca/records/reports/>

September 30 has been observed since 2013 as Orange Shirt Day, a movement to recognize the colonial legacy of residential schools and commit to the ongoing process of reconciliation. Orange Shirt Day recalls the experience of residential school Survivor Phyllis Webstad, who at six was stripped of her shiny new orange shirt on her first day attending the St. Joseph Mission Residential School near Williams Lake, BC. The date of September 30 was chosen because it was the time of year when Indigenous children were removed from their families and forced to attend residential schools.

Orange Shirt Day web site <https://www.orangeshirtday.org/>

The day has been created to give everyone an opportunity to recognize and commemorate the legacy of residential schools, which more than 150,000 First Nations, Metis and Inuit children were forced to attend between the 1870s and 1997.

As part of the Call to Action, employers are called upon to address items in the Truth and Reconciliation recommendations which are:

57. We call upon federal, provincial, territorial, and municipal governments to provide education to public servants on the history of Aboriginal peoples, including the history and legacy of residential schools, the United Nations Declaration on the Rights of Indigenous Peoples, Treaties and Aboriginal rights, Indigenous law, and Aboriginal–Crown relations. This will require skills-based training in intercultural competency, conflict resolution, human rights, and anti-racism.

And:

92. We call upon the corporate sector in Canada to adopt the United Nations Declaration on the Rights of Indigenous Peoples as a reconciliation framework and to apply its principles, norms, and standards to corporate policy and core operational activities involving Indigenous peoples and their lands and resources. This would include, but not be limited to, the following:

iii. Provide education for management and staff on the history of Aboriginal peoples, including the history and legacy of residential schools, the United Nations Declaration on the Rights of Indigenous Peoples, Treaties and Aboriginal rights, Indigenous law, and Aboriginal-Crown relations. This will require skills based training in intercultural competency, conflict resolution, human rights, and anti-racism.

CIF/ASFP Joint NEWSEM

Where the day is not a paid holiday employers might consider asking staff not to book any meetings on this day and instead set aside time specifically for learning about indigenous people/values/reconciliation. Treat it as day of learning and reflection.

STRATEGIC PLANNING SESSION

The strategic planning engagement session was well attended by a representative cross section of the Association of Saskatchewan Forestry Professionals (ASFP) membership. The focused discussions were wide ranging and delved into both suggested strategies and possible ways of achieving them as is often the case in these types of stakeholder engagements.

Through the feedback from the members to the focused questions examining regulatory objectives, several common themes emerged. These themes are applicable across all of the Association's regulatory objectives and each had multiple possible strategies that were thematically related.

Theme 1: Communication

How the Association communicates with both the public and the membership is critical to achieving the regulatory objectives. Communication with the public was one element of this theme – it was felt that more communication is needed on a variety of topics – forest regulation and management, professional practice, and the knowledge, skill, proficiency, and competency of members. It was felt to be desirable that communication be proactive and be both internal and external facing.

Theme 2: Education

Education of the membership and the public is a common thread found in the engagement feedback. This of course is closely related to communication, but in this theme, it was felt that education needs to be focused. For members it is focused on enabling the membership to achieve continuing competency though either in person or virtual events. For the public it was focused on ensuring that they understand fundamentals about forest management, how forests are regulated, and how professional foresters protect the public interest in forests.

Theme 3: Transparency

Transparency in what the Association does and the oversight processes it has developed will help to provide public assurance of the Association's role in providing regulatory oversight of the professional practice of forestry. Communication and education are two elements that are fundamental to this final theme that will help the ASFP in its dual mission "to promote the profession of forestry and its members and to satisfy the public demand for competent and ethical management of the province's forests".

The Association's Strategic Planning team will develop a final plan for Council approval.

You can watch the recording of this session by clicking the following link: [Recorded Presentation](#)

ANDREA ATKINSON MEMORIAL SCHOLARSHIP

The CIF-SK Section has approached the ASFP to join them in the development of an annual scholarship in honor of Andrea Atkinson for the value of \$1000.00.

The Andrea Atkinson Memorial Scholarship honours the legacy of Andrea Atkinson who dedicated her life's work to forestry in Saskatchewan through both her career and involvement in all the professional forestry related associations and activities in the province.

In 1979 Andrea graduated from the University of Toronto with a Bachelor of Science in Forestry. Soon after that Andrea and her husband Lee "temporarily" moved to Prince Albert, Saskatchewan where she was the first female forester hired in the province. Over the 38 years of her career in Saskatchewan, Andrea has been a trail blazer for women in forestry throughout Saskatchewan and has led the way for so many. Andrea oversaw the development and approval of the Forest Resources Management Act. She was also the advocate and developer of Forest Land Use Planning in the province and led the plan development for the Pasquia Porcupine, and northern forests like La Ronge. She had an ability to listen to all views, gaining respect from all she collaborated with and had a clear understanding of forest policy and legislation. Andrea enjoyed her profession in forestry and contributed to getting Saskatchewan Forestry on the map through not only her work but with her involvement in the Saskatchewan Canadian Institute of Forestry (CIF), Saskatchewan Forestry Association (SFA) and Association of Saskatchewan Forestry Professionals (ASFP).

Andrea's dedication, strength, knowledge, intelligence and great sense of humor gave her the ability to always be a leader who was professional, approaching work and life with grace, emotional intelligence and ethics. Her efforts and involvement were not about accolades or a goal to climb the ladder but for the benefit of forestry in the province, her fellow co-workers and the future.

This scholarship is intended to recognize a full-time post-secondary, female, mature student, enrolled in a recognized forest technician/technology program or forestry degree program, in year 2 or greater of that program, who has demonstrated both knowledge in forestry, professionalism and ethics, as well as community involvement.

The CIF-SK Section initiated a scholarship committee of which our ASFP member, Michelle Young has joined, representing the association. Details on submission requirements are still being worked out and will be finalized before April of 2022. The current plan is to award the scholarship in October of 2022.

The ASFP and CIF will each have 2 representatives that will adjudicate applications and select the scholarship recipient. The ASFP will seek expression of interest from members and determine the 2 representatives to be involved in the process at the next AGM.

LOOKING FOR A CAREER WITH PURPOSE AND PASSION?

The Ministry of Environment has a challenging and rewarding opportunity as the **Branch Performance Analyst** within the **Planning, Policy and Protection Unit** in the **Forest Service Branch** located in **Prince Albert**. The Branch Performance Analyst will be a part of our Branch Performance and Forest Licensing team that is responsible for internal systems functions as well as proponent forest licensing functions, supporting the sustainable development of Saskatchewan's forests.

For more information see the link below

 [Min_of_Env_-_Branch_Performance_Analyst.pdf](#)

Closing Date: Tuesday, September 14, 2021.

EXPLORE YOUR FUTURE WITH THE MINISTRY OF ENVIRONMENT

Are you a proactive, self-directed, analytical individual with the ability to work successfully in a team environment? Do you have a desire to foster a positive health and safety culture, and an interest in increasing your technical knowledge related to the Forestry industry? The Saskatchewan Ministry of Environment has an exciting opportunity in the Forest Service Branch located in **Meadow Lake**.

As a **Forest Ecosystems Protection Technician**, you will support the sustainable growth of Saskatchewan's forest sector by implementing policy and procedural changes that ensure forest operational planning and compliance programs which support the Ministry's results-based, service-oriented, regulatory approach to attaining desired forest management outcomes.

For more information see the link below

 [Min_of_Env_-_Forest_Ecosystem_Technician.pdf](#)

Closing Date: Tuesday, September 21, 2021.

The Ministry of Environment takes a team-based approach to protecting Saskatchewan's environment for the wellbeing of the province, its people and its future. We use science-based solutions and environmental laws to help safeguard communities, and to protect our air, land, water and habitat. We are committed to high citizen and client satisfaction through workplace excellence, continuous improvement and innovation. Our leaders demonstrate the Government of Saskatchewan's commitment to ensuring workplace health and safety.

EXCITING CAREER OPPORTUNITY WITH MANITOBA AGRICULTURE AND RESOURCE DEVELOPMENT

Looking for an exciting new career? Join Manitoba Agriculture and Resource Development!

They are looking for a **Regional Forester**.

Regional Forester

Regular/Full-Time

Manitoba Agriculture and Resource Development

Swan River, Manitoba

Advertisement Number: 38076

Salary Range: \$70,811.00 - \$89,405.00 per year

Closing Date: September 27, 2021

Reporting directly to the Manager of Forest Services, the Regional Forester is responsible for the development and implementation of regional forest management programs. Responsibilities also include program administration, staff supervision, resource allocation and planning, policy implementation, budget planning as well as representing departmental forestry interests on the Region's Integrated Resource Management Team.

The Manitoba government recognizes the importance of building an exemplary public service reflective of the citizens it serves, where diverse abilities, backgrounds, cultures, identities, languages and perspectives drives a high standard of service and innovation. The Manitoba government supports equitable employment practices and promotes representation of designated groups (women, Indigenous people, persons with disabilities, visible minorities).

The Manitoba government has a comprehensive benefits package which includes extended health care, health spending account, dental care, vision care, long term disability insurance, group life insurance, maternity/paternity leave, family related leave, and a defined pension plan (some pension plans allow for portability between the Civil Service Superannuation Board and employers).

- **PROJECT LEARNING TREE CANADA'S GREEN MENTOR PROGRAM IS RECRUITING MENTORS!**

Project Learning Tree Canada's Green Mentor program is recruiting mentors! They are currently recruiting for their September 2021 National Cohort for the [PLT Canada Green Mentor](#) program and they need you and your professional association members to join in. Becoming a mentor has a long list of benefits including building confidence, leadership and coaching skills, communication, and sharing the knowledge that your professional association members are learning while working in the forest and conservation sector. It's also an opportunity to connect with the next generation and succession planning.

"My mentee is a passionate woman who became a source of motivation for myself during our calls and beyond... She reminds me of some of my past experiences that were decisive in becoming who I am nowadays and has helped shed light on some of my own reflections." - Étienne Vézina, Manager of Forestry and Certification, and [mentor from Resolute FP](#).

PLT Canada's Green Mentor program provides training to mentors and mentees to ensure that the 6-month program is a beneficial experience for both. They are looking for mentors with at least 3 years of professional experience who can provide 2-3 hours per month over 6 months, and contribute to building the green pathway of youth under 30 years old across Canada. This is your opportunity to share your passion and knowledge and bring in diverse youth into the field. If you are looking to build leadership skills, this is the perfect program for you.

For more information on PLT Canada's Green Mentor program and to apply to be a mentor [click here](#). You can also contact Maria Chiarella at Maria.Chiarella@forests.org for more information about the program and how to get involved.

- **Social License to Operate: Social Acceptability for Resource Development**

Discover how Resource Developers can Effectively Engage Host Communities around their Projects.

Investors and regulators of resource development projects see broad community support as a key metric in project evaluation.

As a result, it is becoming increasingly common for communities affected by resource development projects to inform the company's strategy and operations.

Hear from Robert Cole, the Director of Communities at EEM Inc. as he provides an overview of social acceptability in the resource development sector and practical advice for forging consensus between developers and host-communities. During this 60-minute webinar, you'll learn:

Understand why host communities are increasingly more in control of resource development

Explore the regulatory and standards framework around community and aboriginal engagement in resource projects

Discover a practical approach for resource developers looking to effectively engage host communities around their projects

This free webinar is designed for:

Community relations personnel working for companies in the resource development space

Academics researching issues of social license to operate

Individuals looking to build a career in community relations
